

# Wi-Fi Doorbell Camera | Skybell<sup>®</sup> HD Edition

## Provide Instant Awareness at the Front Door

The Alarm.com Wi-Fi Doorbell Camera is a doorbell with an integrated camera, PIR motion sensor, digital microphone and speaker, enabling homeowners to answer the door, speak to visitors via two-way audio, record doorbell triggered clips, and set motion triggered automation rules – all right from their Alarm.com app.

With a 1080p camera, motion sensors, color night vision and real-time alerts, your customers will always know who is at the front door!

**2.8 inch Width**

**Made in the USA**

## With the Alarm.com Wi-Fi Doorbell Camera, your customers will enjoy:

### Greater Control Through a Single App

Unlock the door right from the app when you receive a doorbell notification.

### Full Color Night Vision

Feel safer knowing visitors can be seen even at night.

### On-Demand Video & Recorded Clips

Check live view video feed from the app, or record clips automatically when the doorbell is pressed or motion is detected.

### Silent Mode

Remotely turn off the indoor chime when someone is asleep in the house. Receive notifications on a mobile device instead of hearing the chime.

### Two-Way Audio

Have a two-way conversation with visitors from a mobile device.

### Intelligent Lighting Integration

Set up rules to automatically turn on the porch lights when motion is detected at night.

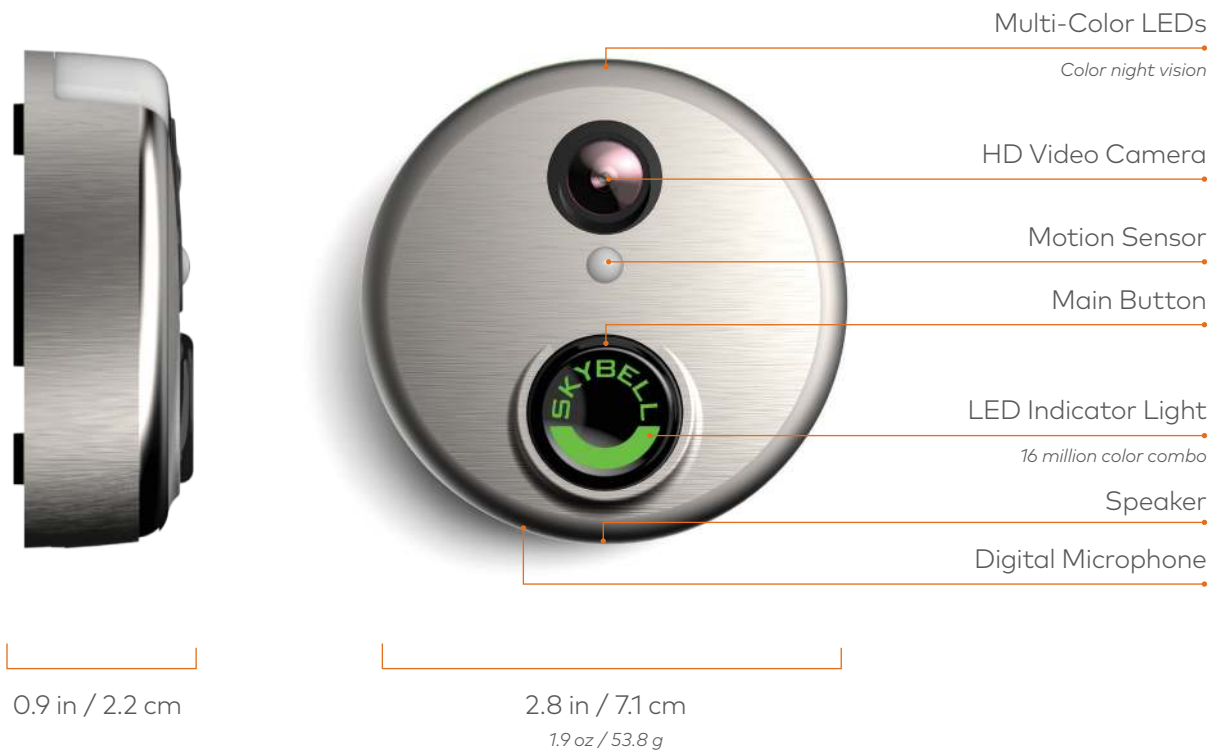

### Motion Sensor

Get alerts when a visitor is in front of the door, even if they don't press the doorbell.

### Multiple User Capability

When the doorbell rings, alerts can be sent to multiple users on multiple devices.

### Requirements:

#### Power

Power: 8-36VAC, 10VA or 12VDC, 0.5 to 1.0A wired to in-home mechanical chime. Digital doorbell chime compatibility requires SkyBell Digital Doorbell Adapter - not included.

#### Wi-Fi

Compatible with Wi-Fi 802.11 b/g/n, 2.4 GHz up to 150 Mbps.

#### Mounting

Mounting plate affixes to flat surface, and utilizes existing doorbell wiring.

#### Mobile Device

Alarm.com App compatible with Apple iOS, Android. Mobile device not included.

### Specifications:

#### Video Camera

1080p resolution, 180° view, auto-scaling, full-color

#### Night Vision

Full-color night vision

#### Audio

Omni-directional microphone

#### Motion Sensor

Detects motion up to 8 ft range

#### Battery Life

3 to 5 years

#### Dimensions

2.8 in / 7.1 cm wide, 0.9 in / 2.2 cm deep,  
1.9 oz / 53.8 g weight

#### Environment

Outdoor use, operating temp -40°F/-40°C  
to 140°F/60°C, water resistant, 0-100% condensing
